Mr. Bob Rose,
P. O. Box 483,
Harrisburg, Pa.

Dear Mr. Rose:

I am enclosing you a copy of a statement sent me by Horace Partridge upon my request for a duplicate of all billings made to me this season. The items checked are the bills we have paid. The question must be due to the billing of March 16, 1942, this must be the shipment that I do not remember receiving.

According to your letter the Company did not list this shipment either from the Phila office. Would it be possible to find out from the office where the billings are made any more information about this shipment?

Please be sure I appreciate the credit and cooperation extended by your Company, and will certainly take care of the bill, if I owe it, but of course do not care to pay a bill that I really have not incurred. I am sure the book-keeping system will be able to check where the error has been made, if any. I will be waiting to hear from you further.

Very truly yours,
